New Calendar application

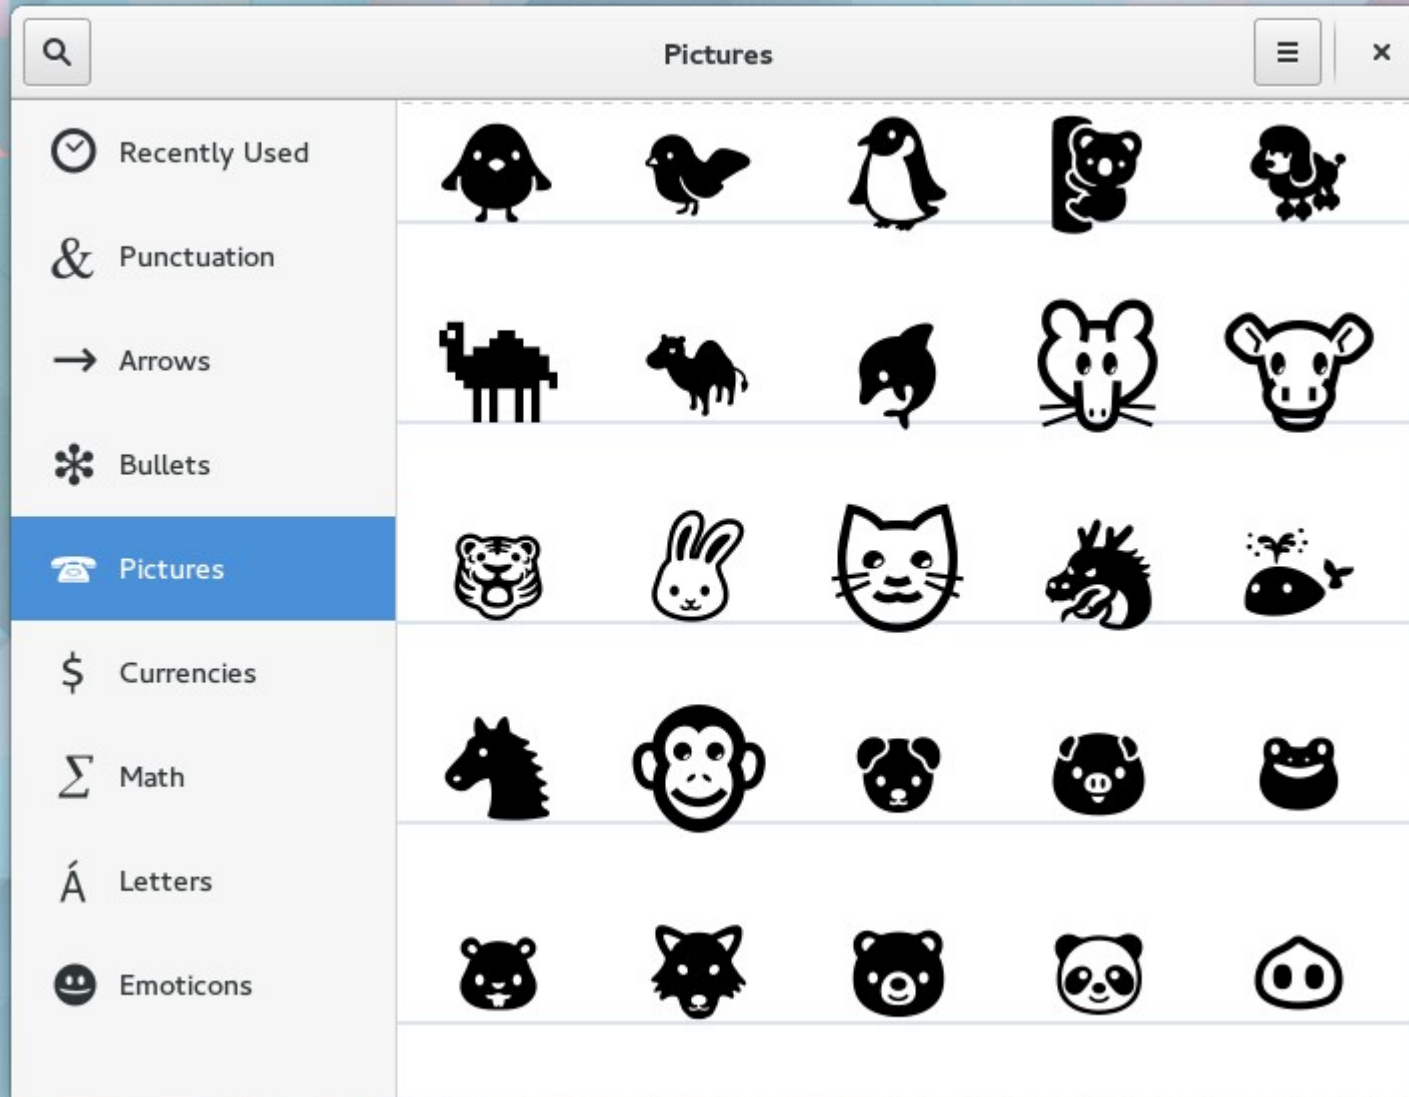

The screenshot displays a calendar application window for November 2015. The window title bar contains navigation controls: a left arrow, 'Today', a right arrow, 'Month', and 'Year'. On the right side of the title bar are icons for search, a calendar grid, a menu, and a close button. The main content area shows the month 'November' and the year '2015'. Below this is a grid with columns for days of the week (SUN to SAT) and rows for dates (1 to 14). Events are listed in blue boxes: 'Fedora 23 Release' on Tuesday, 'Install Fedora 23' on Wednesday, 'Switch to Rawhide' on Tuesday, and 'Beefy Miracle's Birthday' on Thursday. The date '3' is highlighted with a black square.
